### Report Of Feedback

In May 2023, the institution conducted a routine activity in which students provided feedback on the syllabus and related aspects. In this regard, the IQAC disseminated one hundred questionnaires to students across all available semesters. Analysis of the collected data revealed that the majority of students are satisfied with the teaching method, the timely completion of the syllabus, the involvement of students in classroom discussions, and the regular feedback they receive on their assignments. Nevertheless, a small number of students also requested an enhancement in the utilization of ICT and the upgrading of the library and laboratory facilities. It is important to note that the format of the questionnaires is attached with this document.
